## ABOUT ME

---

As a web developer with experience in HTML5/CSS, JavaScript, Python programming, MySQL, React, and Express.js, I bring a unique combination of skills and experiences to the table. I am passionate about web development and am always looking for new ways to grow and improve both personally and professionally. I have experience using popular front-end frameworks like React and have collaborated with full-stack developers to build complex web applications. I am passionate about writing clean and efficient code that is both functional and aesthetically pleasing, and I am always looking for new ways to improve my skills and stay up-to-date with the latest web development trends.
